

Herman Miller

Mirra® Chairs
Balanced ride, flexible fit

PERFORMANCE THAT BREAKS THE MOLD

In a world of same-old work chairs, Mirra is a breath of fresh air. With its natural performance, flexible fit, and inventive look, Mirra delivers superior performance for any office task. Its passive ergonomic features automatically adjust to a person's size, posture, and movement. A few active controls fine-tune the fit and feel. Check out the innovations: the responsive TriFlex™ backrest and AireWeave™ seat-suspension material, FlexFront™ adjustable seat depth, Harmonic™ tilt, and more. They all work together in a fresh-looking, practical, supportive, and very comfortable work chair.

Aerated, flexible comfort

User-controlled seat depth

TOTAL BACK SUPPORT, AUTOMATICALLY

Mirra's one-piece, TriFlex backrest is pliable and elastic to support the sitter's entire back. Its geometric shapes and spine construction create flex zones in the upper, lumbar, and sacral areas to conform to anyone's size, posture, and movements. No manual adjustment is needed. Plus, the camber contour at the base of the backrest forms a passive PostureFit® that helps the pelvis maintain a forward tilt for proper spinal alignment. The backrest also lets air through so sitters keep their cool.

A BALANCED RIDE, NATURALLY

With the Harmonic tilt, pivot points are at the user's hip, knee, and ankle for easy, natural motion. The backrest and seat move in proper relation for correct support in all seated positions. Advanced spring technology lets the user feel equal support while moving anywhere in the wide, 26-degree tilt range. The sitter is always balanced and in control.

Easy-to-use adjustments

Studio 7.5

AESTHETIC APPEAL

Designed by Studio 7.5 in Berlin, Germany, the Mirra chair eloquently expresses its function and coordinates with a variety of environments. The molded polymer back comes in 8 colors, the suspension seat in 10, and the base and frame in 2. Colors can be mixed or matched to fit the interior and image.

EARTH FRIENDLY

The Mirra chair helps Herman Miller reach its goal of sustainable design. It's made of a minimal number of parts and is easily disassembled for recycling. Mirra chairs are 96 percent recyclable, with 42 percent recycled content.

12-YEAR, 3-SHIFT WARRANTY

Like all Herman Miller products, the Mirra chair is durable for long-term performance and value. As a statement of our confidence in its quality, Mirra is covered by the Herman Miller Warranty—a straightforward promise that we stand behind that quality 100 percent. The 12-year, 3-shift warranty covers all standard elements and includes labor on all warranty work.

EASY OPTIONSSM CAPABILITY

Our versatile, flexible products give people real choices. If they need something extra, we can do that, too, from modifying existing products to developing new ones. For more information on our Easy Options capability, please visit www.HermanMiller.com/easyoptions.
